EXS = Expected. The standard that Y6 children are expected to reach.

Scaled scores are the raw scores converted into 'scaled scores' from 80-120. This is the average.

Progress is the progress children have made from KS1 to KS2 when compared to a national average of 0.

SPAG = Spelling, grammar and punctuation test.

This end of year data shows that children in Y6 attained more than their peers did nationally in all except SPAG and also made more progress.
